Dear Friends,

It is with deep gratitude that we thank all of you for your generous support to NICE.

What started off as a dream 11 years back has now taken concrete shape and providing quality education to 140 boys and 37 girl children. We have also constructed a quarters to accommodate 23 staff members (teaching and non-teaching). Our students have repaid the faith by achieving 100% pass percentage in the 10<sup>th</sup> standard examinations for four consecutive years. Four of them have been selected by the Sri Satya Sai University, Bangalore for B.Sc. Honors degree and all others are pursuing their higher studies elsewhere. Many of them continue to stay on the NICE campus and mentor the younger children. We are also supporting those children who wanted to pursue jobs by imparting life skills. On the academic front, Butterfly Edufields founder Sri Sharathchandra with his staff has been giving key inputs. On the financial front, NATCO Trust, Asha, Microsoft, Your Inner Soul, NTT Data, NetEnrich, Samidha Group, TANA Foundation and Helping Indians have been generous with their support. On the spiritual front, Nachiket Tapovan, Swamy Nachiketnanda Puri and Mata Sivanandamai are inculcating human values and giving guidance on staying healthy through Yoga. Asha Hyderabad volunteer Mr. Giri Kolanupaka has conducted sessions on the importance of good human values for the teachers.

Donor support has increased from Rs 2 lakhs (during 2002-03) to Rs 85.5 lakhs (during 2012-13). We are grateful for the voluntary contributions of many people: Giri Kolanupaka (website of NICE), Mr K. Jeevan Babu and Mr G. Sambasiva Rao (who help with accounts finalization within a week of the financial year end), to name a few. Through this, we have been able to keep our organization's administrative expenses extremely low (less than 3%). We are also not taking any funds from the Govt of India or the State Govt. To date, through the past 11 years, we have been running the organization without accepting a single rupee as salary. A lot of people have come forward to extend support to my family, and for our children's education. I would like to specifically thank Seetha Murthy and Dhanunjaya (Director of Silver Oaks School), Mr. Abhilash Nama (USA), M. Satish (UK), Dilip Kumar, Samidha Group and their families who have been helping me on a personal front. Our special thanks to Dr. Sandeep Pandey, Dr. Srikanth Voorakaranam, Mr. Vinay and Ms. Annapurna, Embedded Infotech, Mr. B.V.Subbarao, IDPL 91 batch, Vidya Mitra Mandali Chilakaluripeta, Rotary Club of Bhagyanagar, Hyderabad, Sri Ramakrishna, Maa TV, Mr. Sharad Krishna (USA), Dr. Leena Tarigopula, Anuthara, Mr. Partha, and Mr. Joshi (Microsoft).

Any lasting and tangible impact requires a determined and persistent collective effort from a number of people. I am happy that all of us together have demonstrated what is possible through such action at NICE. Thanks to this, hundreds of children are well on their way to achieving their dreams in life.

P. Purnachander Rao  
Founder and Secretary, NICE

## About the School

Anjaneyulu Gottipati,  
Executive Director

The institutional growth that NICE has witnessed over the past 11 years on a number of fronts simultaneously is quite uncommon. Each year has seen growth in infrastructure, number of students, number of teaching and support staff, funds raised and the number of donors. All this while maintaining a 100% pass percentages for class X. This has been possible because of the effort put in by a lot of people from our organization, and support from all the donors and well-wishers. People visit our school from all over India and abroad to learn and share. Their positive feedback gives us confidence that we are on the right track.

As a Director, I also saw that it is not just education facilities that are lacking in rural areas, but there is widespread poverty and lack of access to healthcare. So, we are planning on running health camps and setting up a small primary health center with good doctors to provide free medicine and service to the people in our village on a periodic basis. Awareness camps for HIV/AIDS and eye camps were also part of our activities. We have started drinking water camps in summer and created awareness among the children about the importance of tree plantation, and agriculture. The children have planted trees across the road leading to the village. We provided free stationary (2500 books and other material) to 300 children studying in other schools.

We have been involved with the children in every aspect of life, not only with respect to their education but also healthcare, hygiene, and environment consciousness. We have invited many people to the school to impart good human values and inspire the children. Most of the visitors have seen our activities and appreciated the quality of education, and the discipline.

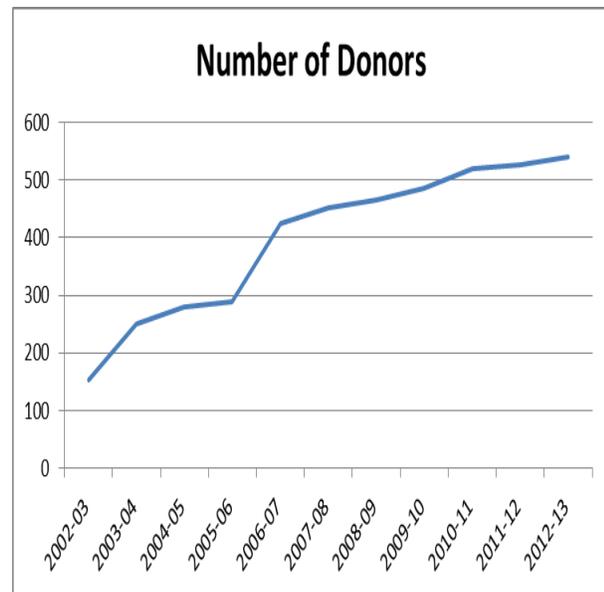

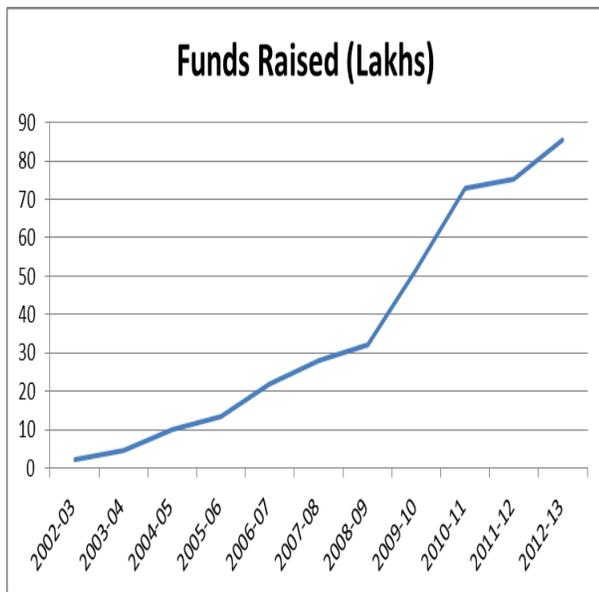

Since the students of our school are from difficult backgrounds (poor, orphan and rural), we have to struggle a lot to make them comfortable with academics. Our teaching and non-teaching staff members are very dedicated and take care of our children with a good heart. Our philosophy is to impart education not formally like any other school, but to stress on good relationships and being kind to everyone. We also concentrate on life skills and communication skills. Satya Sai university has accepted several of our children for higher studies which consider an achievement. Our core value is also that all are equal in our society. There is no discrimination with respect to caste or religion and we celebrate festivals of all religions. Finally each and every teacher here at NICE thinks of this as an opportunity for contributing to our society by creating good citizens with human values.

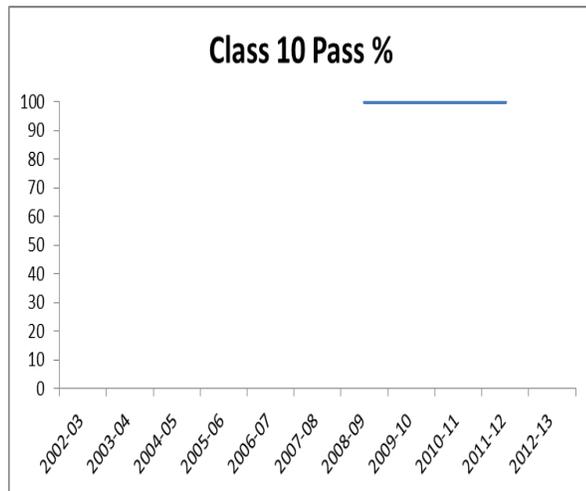

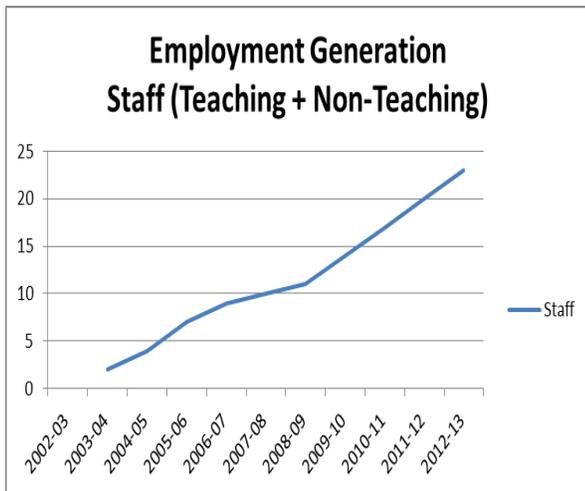

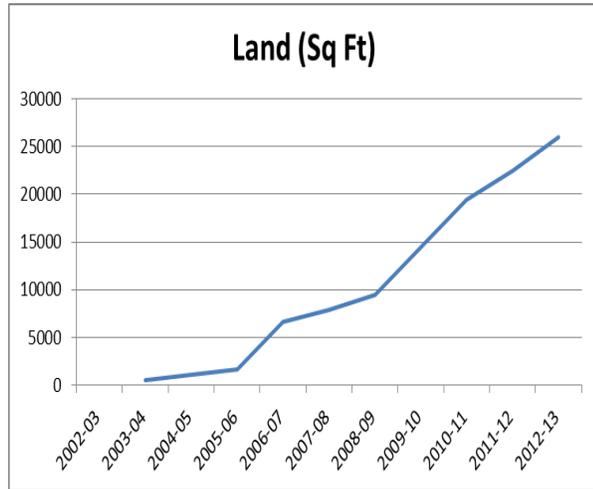

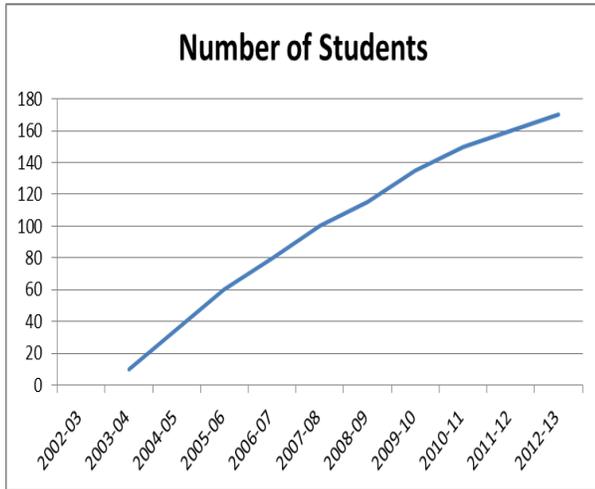

P. Sridevi, M.Sc,  
B.Ed, Principal and  
Director, Academics
