2. Sri Velagapudi Rajakumar, D. Naga Lakshmi and Gazal Srinivas visited NICE school and learned the developments of the institution
3. Employees of Vignan School and NetEnrich interacting with girl children of NICE during their visit

This year 10<sup>th</sup> class students have appeared CBSE board exam and we are hoping that all the children will pass the exam with very good results. We are giving moral and value based education to the children. This year we have received good support from Ashish Pandey, Principal, NATCO school of learning; Y.Srinivas, PGT, Javahar Navodaya Vidyalaya – Kurnool and staff from JNV Maddirala, Guntur District. They have provided good understanding in CBSE pattern and they took classes for our children. Especially good training in Mathematics and sciences. Based on their support our children have written the exam very well. I am very much thankful to all the donors visited and experienced the campus environment and our activities. They have spread the message and information about our school in rural areas as well. They are also guiding orphan children in their areas to reach our institution. We are conducting so many activities in our school, like field trips, seminars for the children, especially during the festivals and celebrations. The local village people have also responded positively for the activities done by the children. Based on our children discipline, maintenance of and development of the school, a lot of donors have been visiting us, continuing their support, and spreading the message to others. We are concentrating on overall development of children, especially girl children in soft skills, and other trainings with which they can lead the life on their own after their education. For the students who have left our school after 10<sup>th</sup>, we are continuing to support their college education or higher education to the best possible extent.

P. Sridevi, M.Sc, B.Ed,  
Principal and Director,  
Academics

As a most senior person in this organization, working since more than 12 years, have felt proud with good opportunity for me that I am contributing myself for the needy and orphans. I have realized the necessity of such schools all over the country. The institute is run professionally cooperating with the team members very well with service as motive and at the same time they are running the school at par as any corporate school. There is no Punishment in the school for the children as all of them were taught good ethics and moral values. We provide good career guidance to the children based on their interest in any field of study. We are very happy and thankful to all the donors and their continued support. Because of their support we were able to do so well and children are getting benefited. From the past seven years, there were no single students, who have failed in the board exam of 10<sup>th</sup> CBSE syllabus. Based on the children’s capabilities, interest, we are providing vocational training to the children. We are training children with primary focus on character and behavior. Using the latest digital technology, audio visuals and guest lectures from various eminent personalities from various institutions and corporate organizations. We have collected their feedback and suggestion and tried to implement the same as we found them as useful for the growth of our organization. Every donation (financial and kind) that comes to our school is transparent and is reported and used for the right cause in this school.

Sk. Adam Vali, M.Sc, B.Ed,  
Vice- Principal &  
Academic coordinator

From the last 14 years, I have been helping and contributing as a director of the school. There are lots of donors who keep visiting our school to get motivated to help the needy and continued support. From this year we have realized the importance of education of girl children as the literacy percentage of women in India is less. So we are supporting the girl children higher education as well after they move out of our school. The children who have left our school have formed alumni group, who also keep visiting our school and help, guide and motivate the existing children. The children have been inspired from various visitors, entrepreneurs who give guest lectures to the children. They give good information in terms of career, values and other subjects. VC Nannapaneni, Chairman and managing director, NATCO Pharma ltd; C Jagannadha Raju, CEO, NetEntrich; Dhanunjay (director), Silver Oaks School, Hyderabad; Seethamurthy (Principal), C Ramakrishna, T Balaji, Jubilee Hills, Asha Hyderabad chapter, Charity Aid Foundation, Tatva set IT Architecture Pvt Ltd, Sivashakti Bio Technologies Ltd, Harish Yalamanchili, Your Inner Soul, USA and many more donors from abroad have contributed and supported our organization. Purely because of their support we were able to sustain so long. There is a requirement of almost 1 crore rupees every year. Current situation demands for 5 crore rupees as corpus fund for better sustainability of our organization. If there is any one or corporate company can come forward to support us, we can definitely go further and give better development for these needy and orphan children. Our administrative cost is very low compared to any other school or organization.

G. Anjaneyulu, Director

## **What do others think about us:**

### **Velegapudi Rajakumar, USA, D. Nagalakshmi, C. Mallikarjuna Rao, Hyderabad**

We have visited school about 8 years ago. That time they have requested for construction of dining hall. We have given/donated about 12 lakhs that time for the same. It was only boys campus that time. When we have visited this year, there is a lot of development and our donation have been rightly utilized, including the new girl's campus. There is a huge dedication for helping the needy in the teachers and management even this year, just the same as it was 8 years ago. So, we plan to continue our support from this year again and will try to spread the message about this school and the work they do to our friends and colleagues. We will only know the real development only when we visit and see the school campus.

### **K. Aravind Kumar, Chartered Accountant, NetEnrich Pvt Ltd.**

I visited so many NGOs on behalf of my company and employees through CSR, lot of money have been donated to NGOs. This year particularly we have visited NICE School along with our staff, in the same way and have satisfied and realized that NICE is much better than other organizations that we have been supporting. There is a good development, the maintenance, teacher's commitment, hygiene, food quality etc and this message is passed on to our company CEO.

### **N. Srinivas Rao, Managing Director, Sivashakti Bio Technologies Ltd.**

I observed lot of development of the school in the past years. I will continue to support this organization. Even some of the corporate schools will not be able to provide such facilities to the children. I saw good discipline among the school children. The statues that are installed in the campus, like Goddess Saraswathi, Lord Buddha, Swami Vivekananda, APJ Abdul Kalam, Mother Theresa etc, convey good message to all the children and inspiration to all of them.

### **V. Aditya, M.Sc & V. Nageswara Rao, M.Sc, Gandhi Institute of Rural Technology, Dindigal, Nagaraju, Anil Kumar, MCA, Sri Satya Sai University, Prashanthi Nilayam, P. Gopala Krishna, Chartered Accountant (final)**

As alumni student of NICE school after alumni group ceremony have visited the school. After visiting it, I felt very happy to see my school and could see the development. I realized that I still have to contribute in whatever way I can as I could get the best education from this school and this is the reason I am what I am now, pursuing masters degree. The school still helps me in my continued education. We both will continue to support this school after we graduate and settle down our lives. Because of the support given to us by NICE School, faculty and management and their continued support even after our schooling for our higher education, we are able to do our Post Graduation now. We have formed as an alumni group and we are feeling proud that the school now has 240 children now and we were only 10 of us when we started. We are continuing our education for free even now and we want to continue to support the school that gave us education for free through our alumni group. I have studied in this school and currently pursuing the final year chartered accountant. I had a dream of becoming a CA myself. The organization and school helped me in a major way to make my dreams come true and I am very thankful and indebted to this organization. If I was not in this school, I would be like any orphan thrown out and would not have accomplished so much as I did now. I will try to contribute and support the school that has supported me as much as I can through the alumni group and through my friends and colleagues.

## **School Events and Activities in 2015-16:**
